

## Jane Fonda As Nancy Reagan: First Look

By THE DEADLINE TEAM | Wednesday September 12, 2012

Here's a first look at the unlikely casting but uncanny resemblance of Jane Fonda as former First Lady Nancy Reagan. Alan Rickman plays President Ronald Reagan in *The Butler*, currently filming in New Orleans. Fonda reportedly appears in just a few scenes. The pic stars Forest Whitaker as White House butler Eugene Allen whose career spanned 34 years there. Director Lee Daniels adapted the screenplay with Danny Strong from a Washington Post article.
